Introduction

In April 2021, Sumitomo Mitsui Banking Corporation (“SMBC” or the “Bank”) launched green deposit products (the “Green Deposits”) for its corporate clients. The Green Deposits required the Bank to hold the equivalent amount of proceeds raised from the Green Deposits to effectively finance and/or refinance eligible loans that are expected to create positive environmental impact (the “Eligible Loans”). In May 2022, SMBC engaged Sustainalytics to review a portfolio of the Eligible Loans funded through the of proceeds raised from Green Deposits (the “Eligible Portfolio”) and assess whether the Eligible Portfolio met the eligibility criteria outlined in the Sumitomo Mitsui Banking Corporation Green Deposit Framework (the “Framework”). The eligibility criteria, as a standalone document, were reviewed by Sustainalytics in March 2021 to verify the alignment with market practice.¹

Evaluation Criteria

Sustainalytics evaluated the Eligible Portfolio funded from April 2021 to March 2022 based on whether the Eligible Loans:

1. Met the eligibility criteria outlined in the Framework.

Table 1 lists the Categories, and Eligible Activities to which the proceeds were allocated.

Table 1: Categories, and Eligible Activities

Categories	Eligible Activities
Renewable Energy	Acquisition, development, construction, operation, or maintenance of projects/assets generating electricity from: <ul style="list-style-type: none"> • Solar and wind (on and offshore), • Geothermal (subject to direct emissions threshold less than 100gCO2/kwh) • Hydropower (subject to lifecycle emissions threshold 100gCO2/kwh and capacity less than 25MW or small run-of-river hydro facilities with low storage capacity as well as an environmental and social impact assessment that ensures no significant controversy surrounding the project) • Waste/Non-waste biomass (restricted to sustainable feedstock not competing with food production and/or waste materials and subject to exclusions listed in Section 2.2)

Issuing Entity’s Responsibility

SMBC is responsible for providing accurate information and documentation relating to the details of the Eligible Loans, including description of projects and amounts allocated.

¹ The Sumitomo Mitsui Banking Corporation Green Deposit Framework is available at: https://www.smbc.co.jp/global/greendeposit/resources/pdf/index_pdf_01.pdf

Independence and Quality Control

Sustainalytics, a leading provider of ESG and corporate governance research and ratings to investors, conducted the verification of the alignment of the Eligible Portfolio with the eligibility criteria defined in the Framework. The work undertaken as part of this engagement included collection of documentation from SMBC employees and review of documentation to confirm the conformance with the Framework.

Sustainalytics has relied on the information and the facts presented by SMBC with respect to the Eligible Loans. Sustainalytics is not responsible nor shall it be held liable if any of the opinions, findings, or conclusions it has set forth herein are not correct due to incorrect or incomplete data provided by SMBC.

Sustainalytics made all efforts to ensure the highest quality and rigor during its assessment process and enlisted its Sustainability Bonds Review Committee to provide oversight over the assessment of the review.

Conclusion

Based on the limited assurance procedures conducted,² nothing has come to Sustainalytics' attention that causes us to believe that, in all material respects, the reviewed Eligible Portfolio, funded through proceeds of SMBC's Green Deposits, are not in conformance with the eligibility criteria outlined in the Framework. SMBC has disclosed to Sustainalytics that the proceeds of the Green Deposits were fully allocated as of March 31, 2022.

Detailed Findings

Table 2: Detailed Findings

Evaluation Criteria	Procedure Performed	Factual Findings	Error or Exceptions Identified
Use of Proceeds Criteria	Verification of the Eligible Portfolio to determine if the Eligible Loans aligned with the eligibility criteria outlined in the Framework and above in Table 1.	All Eligible Loans reviewed complied with the eligibility criteria defined in the Framework.	None

² Sustainalytics limited assurance process includes reviewing the documentation relating to the details of the projects that have been funded, including description of projects and amounts allocated which were provided by the Issuer. The Issuer is responsible for providing accurate information. Sustainalytics has not conducted on-site visits to projects.

Appendix

Appendix 1: Allocation of Green Deposit Proceeds³

Category	Sub-Category	Net Proceeds Allocation (%)
Renewable Energy	Wind Energy	81%
	Solar Energy	19%
TOTAL		100%

³ SMBC provided a confidential summary of deposits and allocations to Sustainalytics, and Sustainalytics confirmed that all deposits were allocated to the Eligible Loans.
